LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

Hon. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. StJOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt Insured, nearly	$45,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the Ætna has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Policies at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Rate of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies,

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a part savings of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in full, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the insured, securing, at an increased age, not only relief from further payment of premiums, but at the same time, an annual income until death, unless he shall have previously received full payments of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUKE..... President.
ABRAM D. POLHEMUS..... Vice President.
WILLIAM M. COLE..... Secretary.
D. P. FACKLER..... Consulting Actuary.
DANIEL AYRES, M. D., LL.D.. Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most liberal Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS OF TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A Loan of one-third of the premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all companies, which accommodates their assured with notes.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTORY PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The CONTRIBUTION PLAN was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by other of the best managed Life Companies in the country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamps.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

RUMORS ON THE STARNT.

That Attorney General Coleman instead of being displaced by impeachment, would be promoted and sent to some foreign Court by Gen. Grant. That Major Victor Barringer, of the Code Commission, would take his place. Others had it that Mr. John Manning, of Pittsboro, would be his successor. Others had it that Mr. Kemp P. Battle, late Treasurer, was to be Coleman's successor, and so it goes, Madam Rumor changing names and facts at every corner of the street.

We feel sure the State could well afford to pay Mr. Battle $100,000 a year for his services, if the people save millions by having Mr. Battle in the place of the present Treasurer, who is as unfit to be Treasurer as a hen is to catch a hawk.

Mr. Battle's experience and ability as a financier might enable him to take the position without compromising him politically.

We met Colonel John McDonald, of Chatham, whose loyalty is no more to be questioned than Billy Smith's. The only difference in the loyalty being this: Billy hunted deserters (his neighbors children) with dogs, while John hunted without dogs.

Col. John hunted on foot, while Billy blew his horn on Sal, and paid, as one of his comrades in the hunt informed us to-day, $900 dollars for his dogs. This makes Billy, according to the Holden standard, the more loyal man of the two. Just as Judge Rodman is more loyal than Judge Battle because the latter was no Confederate Military Judge, and never had the neighbor's children shot for desertion. Just as Judge Reade is more loyal than Judge Manly, because the latter was not a Confederate States Senator, and never made war speeches in 1862, as the former did—Just as Judge Settle is more loyal than Judge Gilliam, because the latter did not hold a Captain's commission in the Confederate army. Just as Judge Dick is more loyal than Judge Barnes, because the latter did not sign the ordinance of Secession,—Just as Governor Holden is more loyal than Governor Worth, because the latter never asked "who would pic for old Abe's head." But we are recounting historical facts instead of rumors.

But we say, we met Col. John McDonald on the street, about the time we met the rumor that Mr. Manning was to be Attorney General or Judge. We asked Col. John if he was for Mr. Manning as rumor had it. J—hn's reply was, I am like the Irishman who came to this country during the Revolution. He was asked by tories who he was for, he said, George Washington, whereupon the tories gave him nine and thirty. Next day meeting with Whigs, who asked who he was for, he said for King George he sure. The Whigs gave him nine and thirty. When asked again who he was for he said for nobody—he was for the fair thing.

So Col. John said he was for nobody, but for the fair thing.

These rumors on the street, accounted for the good people of Pittsboro, looking with disapprobation upon the public meeting in that town which censured Todrger, Sherrard, Coleman, Holden and Company.

A CONFESSION.

"The hands" are so negligent, so lazy, so fond of play and frolic that, even the *Standard*, their master, applies the lash in yesterday's issue. It evidences a sad dereliction in the line of duty, when that immaculate sheet thus applies the cautery in even this diluted style:

"The Legislature has been in session since the 3d day of January. What has been done? Have the duties of the various State officers been defined? No. Have they been allowed any salaries? No. Is the Penitentiary in progress? No. Has a school tax passed? No. Have any steps been taken to sustain the University at Chapel Hill, or to start a colored University? No. Has the State credit been maintained? No.

We most earnestly call the attention of members to these startling facts. The State Treasury is empty—the public credit is suffering, the Asylums are in want, and yet the tax bill lingers in the Senate."

The rub is, the "Treasury is empty."—We doubt not the effect of this appeal.—Reminded hourly of the depleted condition of their purses, and thus mildly castigated before the public, "the hands" will hurry up matters and relieve the *Standard* of recording "startling facts." Oh, "hands,"—good "hands,"—gentle, loving, sweet "hands," hurry up. Your friend and brother, the *Standard*, is sad; he whines through a quarter column over your many and great shortcomings. Oh, then, reform your habits, go to work in earnest, for do you not hear your taskmaster sounding the most plaintive notes of distress: "*The Treasury is empty, the wheels of the Government have been stopped, and money is indispensable.*"

Be on the alert, then, for your landlords will be after you.

THE PENITENTIARY SWINDLE.

Let the people and especially the plain laboring Radicals, remember for all time to come, that "carpet bagger" Pruyn was the instrument through which the "Penitentiary swindle" was perpetrated; that for it, he got $100,000 in State bonds, through and by means of the co-operation of "Gov." Holden! See the land and go to the Treasury office and see the vouchers! Has Holden ever condemned Pruyn? *Never.* On the contrary, Pruyn is one of his confidential friends. One of his places of resort is the *Executive office!* PRUYN AND HOLDEN!! That's nice! Look at it!

THE SHOW IN THE CAPITAL.

One of the most disgraceful scenes that has been enacted of late by "the hands," transpired on last Wednesday night, on the occasion of Wyman's exhibition at Tucker Hall. We presume it was on account of the disreputable character of the proceedings, that, the resolution to take a recess from Friday morning to Saturday was introduced, and met with such favor. *Certes*, the body did adjourn that the "show" might be attended by the "hands."

We request our readers to recur to the proceedings referred to, as published in our paper of the 4th inst., and he will blush, if troubled with the least modesty or self-respect, at the record of the disgraceful proceedings.

Mr. Ingram spoke rightly, when he reminded the members of the House that they occupied seats once filled by Ashe, Caston, Stanly, and others, and when he urged them to recollect that they were Representatives in the Legislature of North Carolina, and if they would or could not deport themselves with dignity, he hoped they would *at least behave themselves with decency!*"

The conduct of many members was so indecorous that the Chair threatened to appoint aids to help the Doorkeeper maintain order. As the various members, who had been arrested at Wyman's show, were brought into the house, and the confusion became general, several members were so shocked that they indulged in the language of rebuke without stint. Mr. Sinclair, Radical, was not only ashamed himself, but thought every one was ashamed too, who had the least respect for the dignity of the States. He characterized the whole thing as disgraceful and farcical.

Mr. Argo said there were other members still at Tucker Hall—that several had returned who had been arrested there. (It seems they could not resist the attractive powers of the show—they were *bound* to attend.) The Doorkeeper had lost several of his birds. It was no fault of his, for they *would* go in spite of him. Mr. Argo saw the members *cavorting* one by one, and he was for having the door locked to prevent further escape. Morris, colored, said they were all acting like a parcel of school boys. He wanted to adjourn. And no wonder. It was enough to make every honest, decent man want the concern to adjourn, and for ever. Such is a specimen of our Legislative proceedings, alike disgraceful to the State and the men engaged in it. Oh for some Hercules to cleanse the Augean stables!

GOV. HOLDEN AND THE SUPREME COURT.

The Supreme Court, at its late session, ordered a man to jail for contempt of Court. "Gov." Holden, in violation of the Constitution and his oath of office, interfered and prevented the Marshal of the Court from executing the order of the Court. What do the *Radicals* think of that? What do the *Radicals* think of that? For this offence, "Gov." Holden is liable to be impeached, yes, *impeached!* This was a high offence; a crime of a high character, as impeachable offence; a *crime* against the *Government*, and yet, the supid, simple Legislature says not a word about the matter. Hurrah for the "carpet bag" Legislature! It won't uphold the Radical State Government and a *Radical* Supreme Court; it laughs and winks at the crimes of the Governor and thinks him smart! *Very well. The people mark these crimes, and the day of reckoning will come!* Vulgar upstarts and scrubs will find, sooner or later, an illustration of the the truth, that "when the blind lead the blind, they both fall into the ditch."—"Biden on Pecan."

BRIEF NEWS NOTES.

The Virginia Conference of the Methodist Episcopal Church began its session on Wednesday in the city of Alexandria. It is presided over by Bishop Ames, and attended also by Bishop Kingsley.

The boring for a well at the St. Louis Insane Asylum has struck granite at the depth of 3,627 feet, thus terminating all hope of obtaining water.

A paper to be called the Lynchburg *Intelligencer* will be started in that city in about two weeks by R. H. Glass.

Fort Moultrie, in Charleston harbor, is deserted, being without a garrison. Its dilapidated condition shows that it will soon become one of the things of the past. The chain of earthenworks and batteries extending along the entire front of the island facing the city and James Island remain undisturbed.

The Illinois Legislature has passed a law through one branch providing for the empanelling of a jury to try a person charged with habitual drunkenness. On the finding by the jury that the person is an habit ual drunkard, a guardian is appointed, and his property taken from his keeping.

The *Correspondencia*, of Madrid, which has the largest circulation in the city, (50,000 subscribers,) has adopted a singular system of publication. Instead of being distributed at 5 o'clock in the morning, or in the afternoon, as nearly all European papers are, it goes out of press between 9 and 10 o'clock in the evening. People take it to bed with them, and it is nicknamed the "night-cap."

The Meridian, Miss., *Gazette* says: The working young lady in the eastern part of this county who it was our fortune, soon after the late war, to see engaged in the laudable exercise of following the handles of a plow drawn by an ox, is married. Is anybody surprised that such a heroic specimen of Mother Eve's daughters could have found a good young man to join his fortunes with hers, after what some fastidious people call degrading work for a lady or nice young man.

A French invention is becoming very popular. It is known as the gants gras.—These gloves are reserved for evening wear, and contain a kind of pomade which whitens the skin and gives to the hands a most beautiful appearance when the glove is removed.

Legislature of North Carolina.

SENATE

MONDAY, March 8, 1869.

Mr. Osborne presented the credentials of the Senator elect from the 15th district, Dr. Murphy. Referred to the Committee on Credentials.

Mr. Welker presented a petition from the citizens of Guilford and Alamance, in regard to fences, with an act declaring Reedy Fork Creek a lawful fence. Referred.

Senator from Anson, from the Committee on Propositions and Grievances, reported back a bill extending the time to register deeds.

Mr. Barrow, from the Committee of Conference, on the act concerning collection of taxes made a report which was concurred in.

A message from the House, inclosing Senate bill chartering the Western N. C. R. R, with amendment, making the guage same of the N. C. and Weldon Road, and asking the concurrence of the Senate.

Messrs. Davis and Welker was opposed to concurring. Messrs. Osborne and A. J. Jones favored the amendment.

The Senator from Robeson was in favor of making the guage the same as that of other Roads.

The Senate then concurred, yeas 18, nays 10.

Mr. Winstead introduced a bill to charter a Railroad from Edenton to Suffolk, Va.—Referred to the Committee on Internal Improvements, and ordered to be printed.

SPECIAL ORDER.

A bill concerning Townships.

[The bill defines the duties of Commissioners, and for the governments of townships.] The bill passed its second reading, and made the special order for Friday next, 12 o'clock.

Message from the House, transmitting Senate bills, incorporating lodges, towns, &c., as having passed that House.

Mr. Respass give notice of a bill to incorporate Eastern Land Draining Company.

Mr. Blythe: A bill to amend the charter of the Greenville and French Broad Rail road Company.

Message from the House, transmitting several bills, for the signature of the President of the Senate.

Senator from Anson, introduced a resolution, restricting the debate of the Senate—no member to speak more than five minutes, nor more than once, on the main question. Lies over.

Mr. Lindsay, a resolution, regulating the meeting of the Senate. Lies over.

Mr. Osborne asked leave of absence, for an indefinite time, for the Senator from Rutherford, which was granted.

Mr. Sweet from the Committee on Privileges and Elections, made a report on the credentials of Dr. Murphy, recommending, that he be allowed to qualify; whereupon, Dr. Murphy came forward, and was qualified.

The school bill which was made the special order for to-day, 11 o'clock, was taken up,—section 81 being under consideration. The bill was continued to be read by sections, until the 93 section was read, which, on motion of Mr. Osborne, was stricken out. The reading by sections then proceeded—93 section being read, Mr. Osborne moved to amend by inserting, that the principles of "Christianity" also be taught. Adopted. Section 96 requiring Physiology, History of N. C., and the Constitution and History of the U. S., to be taught, being read,

Mr. Osborne took grounds against this particular study, and was of opinion that if we succeed in giving our children a practical education, reading, writing and Arithmetic, the great aims of the State would have been reached. He therefore moved that these studies be stricken out.

Mr. Welker could understand why Physiology, and the History of N. C. and the Constitution, were objected to. He advocated the section in its present shape.

The Senator from Robeson also advocated the original section.

Mr. Osborne had no objection to teaching the History of N. C. and of the U. S. and the Constitution—but was of opinion it was undertaking too much.

Mr. Lassiter concurred with Mr. Osborne, and stated, as did Mr. O., the expense of books, would be enormous—running into millions of dollars.

Messrs. Parkness and Sweet were for striking out. Mr. Sweet thought the teaching of constitutional law, in primary schools was taking a step too many.

Mr. A. J. Jones moved to amend the section, as to leave the studies to be pursued, to the Board of Education. Not adopted.

The question then recurring on the motion of Mr. Osborne,

Dr. Love called for the yeas and nays, which resulted yeas 22, nays 8.

The 99 th section, regulating the number of hours, each day, to be engaged in study, being read, a motion was made to strike it out, which was lost by the casting vote of the President.

Section 100 compels, under a penalty, every child, of a certain age, to attend public schools, at least 10 weeks in the year—when the parent is unable to send to different schools.

On the reading of the section, Mr. Barrow argued against the principle of compelling parents to patronize the school.

Mr. Parkner moved to strike out the section; better by persuasion. The compulsory clause, if adopted, would take away the labor of many poor widow, &c.

Mr. Welker advocated the section.

Mr. Blythe opposed it.

Mr. Sweet argued in favor of a forced education if need be, as a prevention of, and protection against crime. Avowed himself the friend of a thorough system of free schools—and under certain circumstances, children of poor parents ought to be exempt, &c.

The debate was protracted, for and against at considerable length.

The question then recurring on the motion to strike out section 100, the yeas and nays were called, and resulted, yeas 17, nays 9.

Section 101 was also stricken out.

Section 104 provides that separate schools may be established for white and colored.

Mr. Barrow moved to amend by striking out *may* and insert *shall*, and on this motion he called for the yeas and nays, which resulted, yeas 23, nays 3.

A substitute was offered for section 104, providing for an election in each Township, to determine whether separate schools shall be opened.

Mr. Welker said, while he denied that he was in favor of mixed schools, declared that, under the Constitution, this Legislature had not the power to separate these schools.

Mr. Blythe replied to Mr. Welker, and expressed surprise at the position of the Senator from Guilford. Mr. Blythe was earnest and positive, and warned the Senator from Guilford that, if he hailed from his (Mr. B's) section of country, he (Mr. W) would never come to Raleigh again, unless he did so at his own expense.

Pending the discussion, the Senate adjourned till 7½ o'clock this evening.

On motion of Mr. French, the rules were suspended and the bill supplimental to the act to amend the charter of the Wilmington, Charlotte & Rutherford R. R. Co. was taken up.

Mr. French, introduced a substitute for the bill.

After a long debate, the substitute was laid on the table, for the present.

The Chair announced Messrs. Moore, of Chowan, Jarvis, Bowman, Seymour and Harris, of Wake, colored, as the special Committee in regard to the bill laying off the homestead and personal property exemption.

On motion of Mr. Seymour, the rules were suspended and the bill concerning the settlement of estates of deceased persons was taken up and passed in a third reading.

By J. H. Harris, of Wake, colored, a bill to incorporate the State Homestead Association. Referred.

A message was received from the Senate in reference to the passage of various House bills. The bills were ordered to be enrolled for ratification.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-scrumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Direct, it fills with sores and ulcers the most important parts of the constitution, and invites the attack of collateral or fatal diseases, without omitting a catalogue of its produces. Again, it seems to breed into life those diseases of body, and taint, as strong hereditary poison, the blood, which, in one or other of its hideous forms, claims on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventative, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, impurities and the scrofulous taint. These forms of constitutional poison may never show, and yet may apply to us, and be transmitted by its subtle agency, to unknowingly to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but it also exists in the living form of pure blood. Low living, indigestion, bad air, insalubrious habits, dissipations, and unwholesome living generally, produce it. Wholly eradication, where not fortified by the most constant and judicious care, are peculiarly liable to it, and the rules, also, whose tainted blood engulfs the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class of conditions can dismiss us famously from the scrofulous liability to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, for Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Blotches, Pimples, Pustules, or visible forms of the disease*, and other eruptive or visible forms of the disease, and principally by the scrofulous infection, the Sarsaparilla is so efficient as to be indispensable. And in the more concealed forms, such as *Dyspepsia, Dropsy, Heart Disease, Pains in the Side, Back and Loins, Rheumatism and Gout*, often dependent on the accumulations of extraneous matter in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by resulting impurities in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by the weak and languid. *Listless, Dreaming Girls*, and *Blasé* youth of *Nervous Apprehensions or Fears*, or who are troubled with any other of those affectional symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either residents of, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

The Management take special pleasure in announcing the positive appearance of the only great rider in the world

'JIMMY' ROBINSON,

CHAMPION HORSEMAN OF THE UNIVERSE! Leading Bareback Equestrian! Unsurpassable in all Roles of this "School of Art!" "An Artist without a Peer!" "The Sensation in Europe!" The Pride and Boast of America!

☞ MR JAMES ROBINSON, in re-visiting the South with a Circus of his own, would state that he does so in accordance with a long-cherished desire to appear before the friends of his childhood, in the hope of receiving the same mark of approbation that he was so often the recipient of at the outset of his professional career. Wearer of golden gifts from all the Crowned Heads of Europe, possessor of the DIAMOND STUDDED BELT, and with the conceded and universally admitted title of "CHAMPION" he desires in the manhood to receive the full endorsements of approval from those who sustained and encouraged him in his infancy.

ROBINSON will ride, as he alone can, at each entertainment, his

RAPID BARE BACK ACT!

Throwing his SOMERSAULTS over high barriers and balloons, and carrying his infant son, CLARENCE, on his head.

MASTER CLARENCE!

The youngest, smallest and prettiest child who has ever appeared in the arena, and who, by the New York press, has been christened THE ELF OF BEAUTY, will be introduced in MINIATURE MANAGE ACT, in which he will, on his Rose White Pony, give a series of exercises illustrative of the PARISIAN HAUTE ECOLE!

The following Ladies and Gentlemen constitute the leading members of

ROBINSON'S CHAMPION CIRCUS!

Miss LUCILLE WAMSON,
Principal Equestrienne
Messrs. SHAPPY & WHITNEY,
Extraordinary Gymnasts
PETER CONKLIN, Clown of Merit,
JULIAN KENT, Clever Comedian and Jester.

And a powerful AUXILIARY CORPS who, together with a fine stock of elegantly trained, blooded, and marked Horses and Ponies, constitute the

Best Circus ever Brought South.

SPECIAL NOTICE.

There are "NO SIDE SHOWS," nor other vulgar surroundings, such as

JEWELRY CASES, LOTTERIES, OR OTHER GAMES OF CHANCE

Permitted on or near the premises of

Jas. Robinson's Champion Circus.

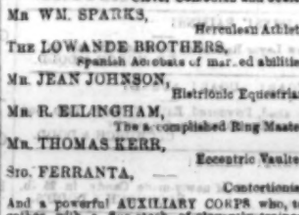
The people of the South will also bear in mind, that the Management does not resort to

OUTSIDE DISPLAY,

to draw a crowd.

The merits of this show is made manifest by the style in which the

PERFORMANCES ARE GIVEN.



No useless outlay for SHOWY PLACARDS, to catch the eye and mislead the public. The simple, plain announcement,

THE ORIGINAL ROBINSON,

"JIMMY," PET BOY OF THE SOUTH,

ONLY RIDER IN THE WORLD,

IS COMING!

Should be sufficient to insure for the CHAMPION the support of the PEOPLE.

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 11
Income from Interest,	1 384,998 00
Total Income for the year,	8,746,309 00
Losses paid,	1 221,695 00
Dividends paid,	999,304 00
Total Losses paid to date,	8,060,892 00
Total Dividends paid to date,	2,197,2 [illegible] 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME, offers greater inducements to those insuring than any other Company in the country. In addition to the par-cash System of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it pays all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $164 Assets securely invested, for every $100 of its Liabilities.

TUESDAY, MARCH 9, 1869

NEW ADVERTISEMENTS:—Hanlon Brothers at Tucker Hall on 19 h and 20th inst.

Buckwheat Flour, Flour of various grades, Bacon, Rice, Canned Tomatoes, Sugar, Molasses, and Irish Potatoes at Douglas Bell's.

Messrs. W. H. & R. S. Tucker & Co., have received by express, a lot of new hats of various grades, and latest styles. They know how to cover the caput of a gentleman with the most elegant moleskin or a soft hat of the finest finish.

DEATH OF THOMAS P. DEVEREUX, ESQ.

We are pained to learn that this well-known citizen of North Carolina died on Sunday, 7th inst., at his residence in Halifax county. He was eminent for intelligence and virtue, and died as he had lived, with the respect of all. A fitting tribute will be paid to his memory by some hand qualified for the task.

PREACHING SUNDAY.

Rev. M L. Wood, late missionary to China, preached Sunday in the M. E. Church.

Rev. J. M. Atkinson, we learn, preached an admirable discourse in the evening, at the Presbyterian Church.

Rev. Dr. Pritchard's sermon at night, at the Baptist Church, was touching and interesting.

We will be glad to be furnished, by the city pastors, on every Friday, with the appointments for the following Sabbath.

TASTE.—We notice a fact, before referred to, not specially commendable in our citizens. Wyman, with his prizes and tricks, is patronized hugely, Tucker Hall being filled to its utmost capacity five times. A gentleman of unusual gifts as a lecturer,—at once wise, witty, original, and satirical, is doomed to empty benches, and departs the city unappreciated and mortified. Have our people no taste for the intellectual?—Or do they confine their admiration to the wittiesm of the circus ring and the thimble-rigging of the magician?

Jimmy Robinson's great Circus will arrive this morning and exhibit at 2 o'clock, and at night. Get your green backs ready.

RALEIGH NATIONAL BANK OF N. C.—We call attention to the notice of the President, Charles Dewey Esq., published in this paper. The Directors have resolved to increase the Capital Stock to $500,000. A large number of papers are requested to copy.

THERE will be a meeting of the Bucket Company, on Tuesday evening, at 7 o'clock, at the Mayor's Office.

CORRECTION.—As there is some error in the report connected with the proceedings of the Common Council, with reference to the Market House, we will make the necessary corrections in to-morrows issue.

WE like to hear the great congregation lift up their hearts in praise to Almighty God. We do not like to hear a few persons do the singing for a whole people. Our congregations generally are in the strictest sense, but *audiences*—hearers. Why not let the singing be general? It is said that the grandest singing in the world is that to be heard on Sunday morning at Spurgeon's tabernacle in London.

We call attention, with much pleasure, to the following notice concerning the "Church of the Strangers," in New York, of which the Rev. Dr. Deems, so well and so favorably known in this State, is pastor. He is one of the most versatile and eloquent of living Southerners. It will add much to the pleasure of a visit to New York to accept his polite invitation to call upon him at his home:

"CHURCH OF THE STRANGERS," NEW YORK.—Visitors to the city of New York are informed that they will find Divine Service every Sunday, in the Large Chapel to the University, Washington Square, at 10½ A. M. and at 7½ P. M. The evening service in summer is at 8 o'clock. Waverly Place, immediately North of the New York Hotel, out of Broadway, runs West to Washington Square, on the East side of which is the University. The entrance to the Church is the main door of the University, University Place cars run from the door of the Fifth Avenue Hotel, to the door of the Church. From the St. Nicholas and Metropolitan, take the cars corner of Broadway and Broome, leave at Waverley Place, and go West one block. At the Astor House take University Place cars, leave at Waverley Place, and go West one block. Strangers will find cordial welcome, and polite attention.

The Pastor is Rev. Dr. Deems, who devotes himself to the spiritual interests of strangers. If any be sick, let them address him a note by mail, as "Pastor of the Church of the Strangers, N. Y.," and it will reach him. The ladies who compose the "Society of the Sisters of the Stranger," procure medical, legal, and spiritual help for strangers in perplexity, distress, or sickness. Address, "Sisters of the Stranger," care Rev. Dr. Deems, N. Y.

If you are coming to New York soon, cut this out and paste it in your memorandum book.

WHAT will "the Ladies" do for money with which to go to the Circus? The Treasury is *empty* (so says the *Standard*,) and the members are playing so much it is impossible to replenish it. So what will they do? Blow your horns Jo and Tod and send out your Doorkeepers once more and arrest the vagrants, and by all means raise enough funds to let them see another show.

STATE NEWS.

There has been a grand tournament at Weldon. There were a large number of Knights, and the usual amount of nonsense spoken on the occasion. What flummery and gammon for an age requiring activity and toil and the practical.

Mr. William H. Suit, of Warren, charged with killing a negro, was acquitted a few days ago. He was defended by Gen. M. W. Ransom, and Col. W. A. Jenkins.

A negro infant, with a large gash in the head, was found buried in Warren county, a week ago. The discovery was made by a dog's scratching. A negro woman living not far from the place has been arrested and lodged in jail to await trial at next August term.

The ladies connected with the Baptist Church in Warrenton, have recently held a feast for the benefit of the Church, which was extensively patronized by the appreciative and discerning.

A RELIQUE.—We were shown yesterday the pistols which Gen. William Lee Davidson had in his holsters when shot by a cowardly tory when he was crossing Catawba river at Cowan's Ford. The initials of his name are engraved in bold and clear letters on the brass plate opposite the lock. The flint and steel locks emit sparks readily, and show that they were true and trusty. This patriotic officer fell while at the head of his brigade by a bullet fired by a cowardly tory, concealed in the underwood by the bank of the river. The lower House of Congress voted five hundred dollars for the purpose of erecting a mounment to his memory, but we believe the Senate failed to act, so it fell through. This brave, patriotic and noble soldier has no stone to mark the spot where he poured out his life-blood in defence of his country, and we think it is a reproach to the people of Lincoln and Mecklenburg that it is so. These pistols are in this city, in the hands of a gentleman who is found collecting relics of the past.—*Charlotte Times.*

KISSING THRO' THE BARS.—We have in our town a notorious character by the name of Bob Moderwell, who, though young in years, is an adept in the art of stealing, and other little accomplishments, that make the "man and brother," a hero with some of our loyal citizens and city nurses.

Bob is now in jail—was caged for about the fiftieth time last Sunday—that evening one of our "school Marms" (white) from the neighborhood of Warrenville called on the gentleman, and she "whispered consolation" and she "kissed him thro' the bars," —the jailor, we understand, would not allow farther intimacy. This is a *fact*.—The fact, all of it, is too disgusting to allow further remarks.—*Greensboro Patriot.*

PERSONAL.

Gen. Grant's opinion of the tenure of office act is very plainly indicated in a remark he made a few days ago. When conversing with some friends, one or two of whom were not only Republicans in good standing, but members of Congress, "that law," said the General, "seems to me to have been intended to work something like a curb bit on a fractious horse; but if you put such a bit on a kind horse you'll make him kick, whether he had the habit before or not."

Gen. Cyrus B. Comstock, Major of Engineers, U. S. A., the member of Gen. Grant's staff who was married the other day to a daughter of Hon. Montgomery Blair, is a native of West Wrentham, Massachusetts, and used to cart wood to Woonsocket twenty years ago. He was appointed a cadet by Horace Mann, in 1851, and his career has been honorable and upward ever since.

Judge Trigg, of the United States District Court, at Knoxville, Tenn., has decided that the amnesty proclamation of President Johnson is valid. This is the first court in which the matter has been tested.

It may not be generally known that Miss Maggie Mitchell, the popular actress, was married, last June, to a Mr. Paddock, of Toledo, a merchant of near fifty. The attachment has lasted through many years.

Kossuth looks old and decrepit, at Genoa, and is forced to subsist on the pittances sent him by his English and Hungarian friends.

It is rumored that Gen. Butler and Mr. Fisk, of Erie notoriety, are about to purchase a newspaper in Springfield, Mass., to run in opposition to Mr. Bowles' *Republican*.

A. T. Stewart has sold twenty shawls this season, in New York, worth $3,000 each, and one worth $4 000. One woman lately ran up a bill for $20,000, at his store, in a couple of months.

Victor Emanuel is said to be bankrupt, and unable to give dinner parties, on account of impecuniosity.

DuChaillu, the gorilla hunter, is to marry a charming young lady on the Hudson.

Weichman, the poor devil who swore Mrs. Surratt to death, is a reporter on a Philadelphia paper.

Dr. Sickel, the Parisian oculist, willed his corpse to science, and forbade a funeral.

WHIM WHAMS.

BANKRUPTCY.—A "six year old," living in this county, recently remarked: "Pa, we are out of money; suppose we go into bankruptcy, and get some." This knowing little one had no bad idea of the popular institution, and Pa has the suggestion under consideration.—*Living Present.*

A Cincinnati genius advertises for a situation, saying, "work is not so much an object as good wages." The Boston *Advertiser* thinks he ought to have a place on the police force.

An American put down a braggadocio Englishman by explaining that the reason that the sun never sets on the entire British Empire was because the English could not be trusted in the dark.

The New York *Tribune* has an article on the tariff entitled "How figures are made to lie." It is needless to say that it succeeds in making a striking showing in this behalf.—*Chicago Post.*

Gen. Stoneman has issued an order relative to the Ku-Klux of Virginia, instructing Col. Rose to notify the civil officers of his district, that if they do not arrest the authors of the outrages reported, and not prevent the occurrence of such outrages in future, he will send a detachment of mounted men into that region, to be subsisted and foraged at the expense of the citizens, until good order is re-established, and security to person and property is again afforded by the civil authorities.

The earthquake in India, according to the Calcutta journals, was very severe at Silchar, a town east of Calcutta, on one of the branches of the Brahmapootra. Some of the houses were buried twenty feet below the level of the ground where they stood before, and many lives were lost.—The shocks were very frequent. The hotel was prostrated, and a water spout poured up in the centre of the mines. It was still in operation at the last accounts.

For the Sentinel.

Miss Lucy Lelland:—I was quite amused when I read the communication in the *Sentinel*, over your signature. I had just finished the account of the Woman's Rights Convention, at Washington, and the petitions sent up to Congress for female suffrage. I could but compare the different themes that occupied your minds.

They are requesting what every virtuous, modest woman ought to blush to desire.—You are urging our depressed, and downtrodden youth, and countrymen to persevere, indeavoring to outride the storm and gain the desired haven, that will lift them above the appalling disasters of our civil war. Tho' dark the cloud, there may yet be a silver lining.

But they ("oh miserable dieu!") are striving to demolish the holy barriers, that surround our sanctuary, for the turbid waves of political degradation. What a pity that some of those *self-styled*, strong minded women would imbibe the sentiments of Miss Evans, now Mrs. Wilson.—She believes that "the intelligent, refined, modest, christian women of the United States, are the custodians of national purity and the sole *agents* who can arrest the tide of demoralization *breaking over* our land." She "contends for woman's every right which God and nature have decreed to the sex."

The right to be learned, wise, useful, noble in *every woman's* divinely limited sphere. The right to reign supreme around her hearthstone, the rigat to make her children ornaments to society, the right to be all that the phrase "noble, Christian women" means.

But not to vote, not to harangue from hustings, not to trail her Heaven born purity through the dust and mire of political strife; she may send her husband, son or brother, but while her she cannot go without disgracing all womanhood." But your Railroad, dear Lucy, I had almost forgotten.

Suppose some of you ladies get up a petition to the Legislature, (they appear to be afflicted with railroad on the brain,) get a Charter, then manage to sell your stock to some of our once rich farmers, merchants, &c., &c. This will be a beginning. You must not say anything to the Legislature about appropriation. You know that the treasury is empty, and many of them fear for their *per diem*, and, of course, they *must send it*.

I will give you a bird's eye survey. Start from Henderson, run down the chalk level road to old plank Chapel, where we have had so many pre ous Camp Meetings, thence to Hayesville, strike a line North of Tar river, let it come out, just above the Hon. Wm G. William's residence, and there place your Depot. This will avoid the hills of the Franklinton route. Then you can manage to move your business part of Town up from the River, and no doubt it will improve the health of the place. Where there is a will there is a way."

You will no doubt meet with opposition, but you will have one friend in the Legislature, Mr. W—. He will advocate your petition, and no doubt approve a measure of so much utility. I have the interest of your village at heart, where I have spent so many pleasant days, and hope I have some sisters friends.

Wishing you "Omnia Favsta,"

I remain yours

TELHRAH.

Raleigh, N. C., March 4, 1869.

For the Sentinel.

MR. EDITOR:—Allow me the use of your paper to call attention of those whose duty it is to abate the nuisance, to the outrage that is perpetrated on virtue and respectability, by allowing lewd and degraded women to occupy seats among our wives and daughters, at entertainment given at Tucker Hall. On Friday evening last, at the Wyman entertainment, I noticed four women of reported lewd character, occupying *reserved* seats, amidst ladies and gentlemen of virtue and respectability. Such a course is unheard of, in any other theatre or place of entertainment in the land. It is the duty of the Police as well as the Proprietors of the Hall and Lessee, to prevent it, and without it is done, our people will cease to attend exhibitions. V.

CHARLES' LONDON CORDIAL GIN.
Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN

is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

FROM WASHINGTON—APPLICATIONS FOR OFFICE OVERWHELMING—SHERMAN ASSUMES COMMAND ON THE 9TH, &c.

WASHINGTON, March 8, P. M.

There will be no action by either Congress or the President, regarding Stewart, to-day. Stewart proposes that, unless Congress removes the difficulty, to make an absolute transfer and disposition of all profits and interests of his business while he remains in office, to three prominent gentlemen as Trustees, to have absolute use of the profits and revenues for public charities in New York, the Trustees to select the charity and to be vested with the absolute control, whereby, Stewart divests himself of any interest whatever in his business.

General Sheridan comes here immediately, on telegraphic orders.

Col. Wm G. Moore, late Secretary of President Johnson, has been ordered to duty under Paymaster Brice.

Applications for office are overwhelming.—None will be considered by the President, unless made to Cabinet officers in charge of the Department where the office solicited is located.

The President receives official calls daily between 10 and 12. After that hour no admittance except to Cabinet officers or by appointment.

The Cabinet meets Tuesdays and Fridays.

On Cabinet days only general visitors will be received between 10 and 12.

During the contest Yates said that he conceded that the merits of the Rev. Dr Newman as a political preacher were unsurpassed, but he thought it was time to have a little less politics and a little more religion in the prayers. They had politics enough in the Senate without putting them in the prayers.

The following Committees were announced:

A large number of prominent Republicans are here to-night, to go over to the State Convention to be held at Petersburg to-morrow.

The fight for the nomination for Governor will be between Welles, the present nominee, and Clements, who is on the present ticket for the office of Lt. Governor.

A warm time is expected in the Convention, as charges were recently made by Senator Nye against Governor Welles in connection with the sale of the State Internal Improvements. It will be brought up by his opponents.

L. H. Chandler, late United States District Attorney, is also prominently named for Governor.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood, to prove acceptable to the public, such as the NON-FORFEITING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE plan, with new features and unequaled security, has evoked the most remarkable opposition from other and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other Journals, to try and check the rapid progress of the National, an unsuccessful effort was made in Congress to repeal the charter, a bill which but accelerated its speed for since then the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,

$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

Sentinel.

PUBLISHED AT THE

CAPITAL OF THE STATE

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any house, and its low Price of the utmost praise is within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

As hot rolls and steam, by the action of heat, are driven up through them, poured upon the clothes, and forced through the meshes with astonishing rapidity, thereby all extract, dirt and stains incident to the most filthy habits. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

Less than is required for cleansing a boiler full of clothes in twenty to thirty minutes, and hourly three minutes quantities of boiling water are forced through the fabrics, thoroughly removing soap containing the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to industrious. Any child of ten years and upwards can operate the BOILER WITHOUT LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany the introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOCKE & ADKINSON'S, and see its wonderful operations, as we have the exclusive right to sell and manufacture in the State.

DRY GOODS.

NEW GOODS! NEW GOODS!

WITH A HOUSE CRAMMED AND PACKED FULL OF

NEW FALL AND WINTER GOODS,

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controlling the trade &c. &c., and all such stuff. What a micky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? So let them talk, puff and blow, but STOP, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at R. Smith's corner, attending to my business, always ready to give you the worth of your money.
